

Intuos3 – Efficiency can be breathtaking

The Intuos3 Pen Tablet System dramatically improves your productivity and makes it far easier to work with professional creative digital media.

The Intuos3 Pen Tablet System accelerates your workflow through the perfect, ergonomic interaction of Grip Pen, easily programmable ExpressKeys, and innovative Touch Strip Controller. Using this leading, patented Penabled™ technology, you can work with greater precision and efficiency. Now also available: A5 Wide and A3 Wide in 16:10 format for distortion-free working in widescreen and multiple monitor environments as well as for HDTV video editing; and A4 Oversize format for relaxed and efficient working in leading CAD and DTP applications.

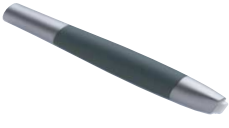

General specifications

Coordinate resolution:	5,080 dpi
Pressure sensitivity:	1,024 levels
Accuracy:	+/- 0.25 mm
Tilt:	+/- 60°
Maximum reading height with pen:	6 mm
Maximum report rate:	200 points per second
Communication interface:	USB 1.1
Cable length:	2.5 m
Power requirements:	DC5V, less than 300mA
Certification:	FCC class B, VCCI class B, CE
Supported operating systems:	Windows® 2000, XP & XP x64 Mac OS X 10.2.8 or higher

Watch for the Penabled logo to ensure you're getting the natural feel and superior performance of Wacom's patented cordless and battery-free pen technology.
