

Cintiq 21UX – Your inspiration. Your perfect instrument.

Whether you're a digital photographer, graphic designer, illustrator, product or fashion designer, the Cintiq 21UX Interactive Pen Display by Wacom offers you more space for your creativity and your ideas.

You can work with optimal hand-eye coordination in your digital applications directly with the pen on the TFT display. Accelerate your workflow and increase your productivity through the interaction between the Grip Pen, ExpressKeys and Touch Strip. And present your customers with first class results in your own inimitable style. The Cintiq 21UX is 100 per cent compatible with the Intuos3 Pen Tablet System. You can use all the Pens with both devices, and work even more cost-efficiently.

Cintiq 21UX
interactive pen display
