

→ **Make pin-point corrections for even better photos!**

Original photo: A beautiful photo of your daughter –
 ↓ shame the sky looks darker than it really was.

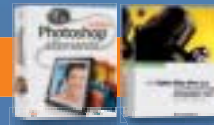

Entire photo edited using photo software ↑
 Now the sky looks much better – yet her skin appears too pale.

↑ Accurately edited using Graphire4 and photo software: The sky is radiant; your daughter is looking radiant – simply a great picture!

→ **Make your photos as wonderful as your memories!**

Give your pictures the look they deserve:
 Use the pen to accurately remove interfering and unwanted details from pictures, improve contrasts, correct exposure problems, enhance colours and much more.

The new Graphire4 from Wacom is the ideal solution for all those who want to enhance their digital images without wasting time.

The ergonomic and extremely lightweight pen ensures superior and more natural-looking results when compared to those achieved with automatic photo enhancers.

→ **Many practical details – for simply superior images.**
